Impact metrics

Describe how you plan to measure the above described impact - incl. frequency/timeline and baseline. Provide a short outline here and make sure to elaborate in more detail in your project description.

Co-Operations

The Hasler Foundation encourages co-operations between institutions. Nevertheless, the Hasler Foundation requires a single person (main applicant) to act in lieu of the co-operating bodies and to be responsible to the Hasler Foundation for the proposed project. All funding will be handed out to the (institution of the) main applicant who in turn will be responsible for the correct distribution among the co-operating parties.
